Kitsap Network of Women

*"Together
We Are
Strong"*

About Us

Networking is defined as a supportive system of sharing information and services among individuals and groups having a common interest. This, coupled with relationship building, is essential to any business wishing to sustain, expand, or succeed.

Formed in 2007, Kitsap Network of Women (KNOW) strives to maintain such a system of support so each and every member may benefit on both a professional and personal level.

Here's how we accomplish this -

- Regular & consistent attendance at meetings is required (75% requirement)
- Meetings begin and end on time
 - Every member is an equal partner in the group and, collectively, makes all decisions concerning the structure and operation of the organization
 - Members are given the opportunity to deliver a 30-second commercial about their business each week
 - Members are allowed 7-minutes to showcase their business on a rotational basis
 - Members are encouraged to invite guests to meetings on a regular basis
 - Monthly brainstorming and problem-solving sessions are held
